Dr. Mortman received his Dental Degree and Endodontic Certificate at NYU College of Dentistry. He completed his general practice residency at the Miami VA Hospital. He has been in private practice for 24 years, and is a Fellow of the Pierre Fauchard Academy, American College of Dentists and the International College of Dentists. Dr. Mortman has a recent publication in the September 2019 issue of Compendium Journal.

Current literature along with the Cone Beam CT have allowed us to maintain the natural dentition for an extended period of time. The participant will understand why root canal treatment is needed and what makes the procedure successful. This lecture will have a dynamic impact on the practitioner's decision making, treatment planning, and assist in making an educated decision about preserving teeth.
